Dear Colleagues,

It gives me great pleasure to invite you all BEST Metasurg 2018 to be held on 15th and 16th June 2018 at the J W Marriott, Pune & Laparo Obeso Centre, Pune. It is a matter of pride for us that this is the FIRST time that BEST is being conducted in India.

You have witnessed the success and impact of earlier Metasurg conferences. Our task is to make BEST Metasurg 2018 a benchmark in educational content and hospitality.

We have always appreciated your contribution to our endeavours and this meeting gives us one more opportunity to work shoulder to shoulder towards a common goal : Prevent - Treat - Cure Obesity and Diabetes. Let us join hands towards making this conference a mega success which will set the highest standards in academic exchange.

Thanking You,

Dr Shashank Shah
Organizing Secretary

Dear Colleagues,

Obesity, a harbinger of many diseases has a strong psychosocial background which demands a multi-disciplinary team approach.

Bariatric and metabolic surgery is fast being accepted as treatment options for obesity and diabetes.

There are millions of patients suffering from both obesity and diabetes who still deserve treatment and we as physicians need to become more equipped with the tools necessary for treating both these life threatening non communicable diseases.

It is a humble appeal to all surgeons to take stronger initiative towards obesity management in general and it gives me immense pleasure to invite you all and my fellow physicians to join us in the cause to defeat both these diseases.

Thanking You,

Dr Poonam Shah
Co-Organizing Secretary
